

# Do You Have Unexplained White, Yellow, or Brown Spots on Your Teeth?

Mild Dental Fluorosis

Moderate Dental Fluorosis

Moderate to Severe Dental Fluorosis

These markings are the visible signs of fluoride poisoning, caused by exposure to fluoride from city water and toothpastes. This is not merely a “cosmetic” effect. ***What’s it done to the rest of your body?***

We invite you to learn how this affects yourself, your children, and loved ones. We are working to end harm from fluoridation.

Please visit our website or call us!

#### WHAT YOU CAN DO:

Contact FANNZ for help and support (04) 972 6249 or (04) 565 1056. OR Email [info@fannz.org.nz](mailto:info@fannz.org.nz)
